

School Sports Physicals & Immunizations

August 11th 2011

3-8pm

Mountain Home High School gym

No pre-registration required

For sports physicals: Students should bring their most recent immunization records and a current list of any medications they are taking with them. The sports physicals are offered free of charge. Donations will be accepted to support the Mountain Home Athletics Program.

These physicals assist those who lack a primary care physician or have not been able to get in to see their regular doctor or who may be uninsured. Students with a primary care physician are encouraged to see their regular doctor, if possible, for a more complete exam.

For immunizations: \$14.34/shot. Immunizations required by school district and are courtesy of Central District Health Department. You may register your child with your local healthcare provider separately for your convenience if you are unable to attend this event.

For more information, contact CCH: 587-8401 x261 or wiersmab@slhs.org
